

THE NEW MINI CONVERTIBLE.

Actual car specifications may vary from the models shown. MINI Thailand reserves the right to change equipments without prior notice.

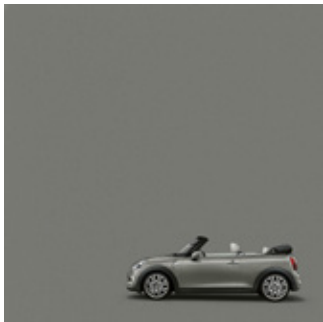

READY FOR THE OPEN AIR EXPERIENCE ?

We've enjoyed telling you a little about the MINI Convertible. But what can we say –words don't even come close to imparting that open-air feeling that you'll experience on a test drive. That's why your MINI dealer will be glad to give you an opportunity of finding out for yourself. Arrange a test drive, slip into the driver's seat and press the start button. Open the throttle and enjoy the fresh air and a fantastic view, plus the unique go-kart feeling that made the MINI famous. Have a very special day and enjoy your drive.

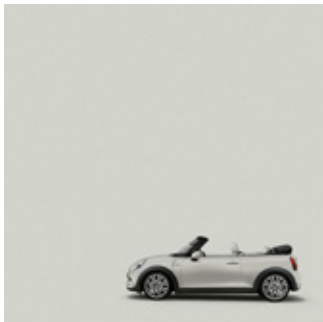

Live life up close and experience the world in all its authenticity –let the MINI Convertible inspire you to put spontaneous ideas into action and get a take on things that differs today from what yesterday had to offer. For the MINI brand, too, change is the best way to remain true to yourself.

CONVERTIBLE IN MANY RESPECTS.

The only four-seater in this class lets you take three friends along for a trip in the sunshine. With its steep-raked front windscreen, the MINI Convertible provides an incomparable open-air feeling.

VERY BRITISH INDEED.

Proud of its origins: Woven into the fabric of the roof, the Union Jack from the MINI Yours design portfolio emphasizes MINI's heritage. The soft top of the MINI Convertible opens electrically in 20 seconds – even with the car moving at up to 30 km/h. When the top is closed the multiple layers of fabric make for excellent sound insulation and comfort on long journeys.

FULLY LOADED WITH IDEAS.

The Easy Load systems increases the size of the luggage compartment opening by holding the retracted soft top above the compartment hatch. The open tailgate can then hold up to 80 kg.

Looking well ahead: In the dark. The standard LED lights provide powerful, clearer visibility. The daytime running lights features LED indicators with an eye-catching action thanks to a unique full circle design.

SUPPORTIVE, PROTECTIVE, INNOVATIVE.

Now you'll never lose sight of the important things. The MINI head-up display shows you the data you need as you drive, and you don't have to take your eyes off the road ahead. It notifies you of speed limits and no-over-taking zones, for example. It flashes up instructions issued by the navigation system and shows you the current cruise control setting.

Harking back to the classic Mini with the round speedo in the middle of the dashboard: the Centre Instrument. 8.8" display screen of the Connected Navigation Plus with the touchscreen function. Full color display with split screen functionality that allows two activities to be visible at the same time.

With one switch you can change from super-efficient GREEN mode, which optimises fuel delivery and disengages the engine when your foot's off the throttle. Fancy a bit more oomph? Switch to SPORT model for more responsive steering, faster acceleration and a throaty engine growl. Or there's MID for a happy motoring medium.

The innovative 7-speed automatic double-clutch transmission with ergonomic electronic selector lever shifts without interruption of tractive force, enhances comfort and saves fuel.

TECHNICAL DATA.
