**Only available on Cooper S and Cooper S Hightrim.

Remark: Due to the nature of the printing process, colours may vary from those shown in this brochure. Availability may vary depending on the model.

SPACIOUS.

The size of the MINI Clubman makes it the ideal car for short trips and longer journey alike. This is largely due to its 360-litre luggage capacity and the versatility of the large rear seat bench. The backrest folds forward in a 60:40 split: the middle section can be used either as a comfortable armrest (with cupholders) or as extra space to accommodate longer, bulkier items of luggage. With the Comfort Access System and Easy Opener function, the split doors open automatically when you move your feet under the boot and back again, making it easy to load and unload the car.

WHEELS.

17" Net Spoke light-alloy wheels in Silver

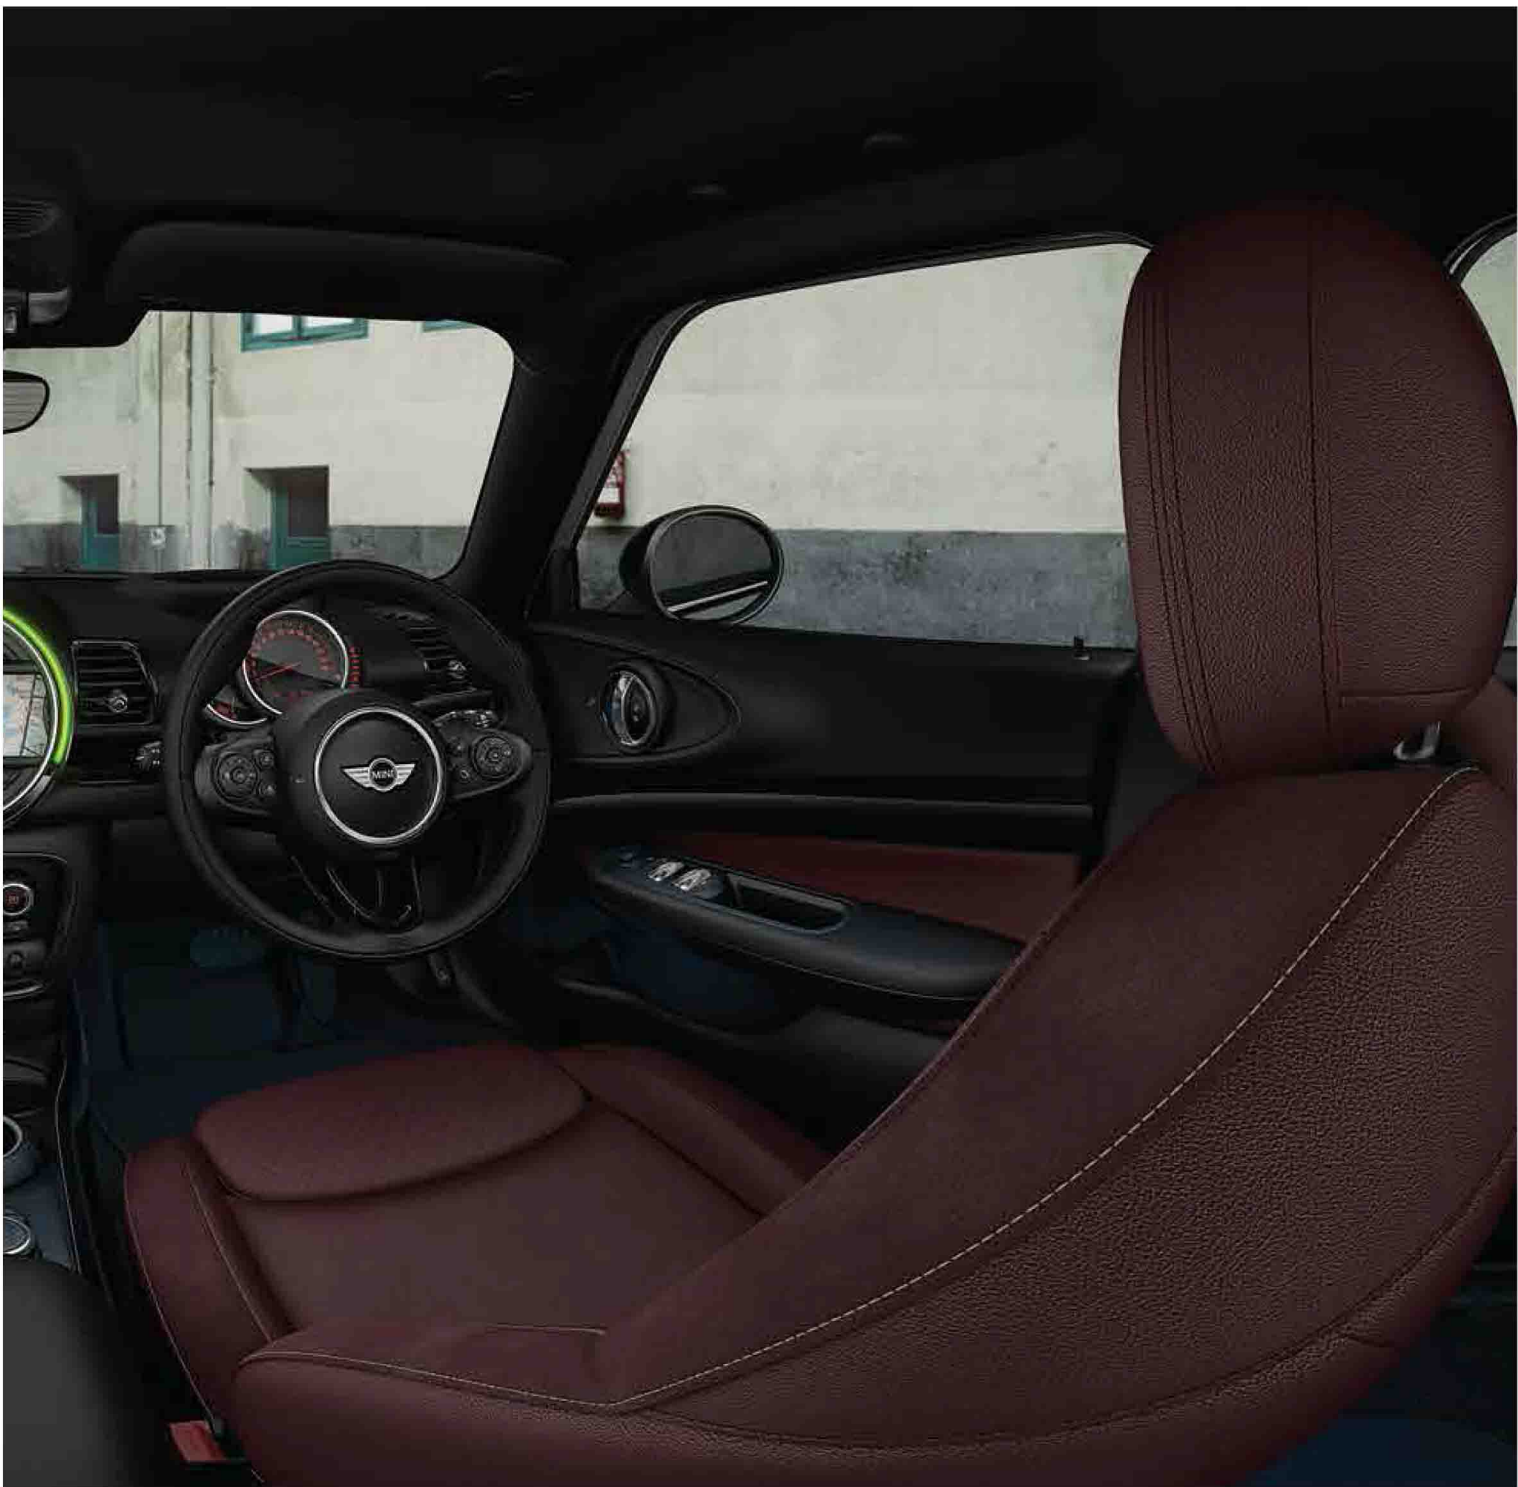

18" Star Spoke light-alloy wheels in Silver

18" Star Spoke light-alloy wheels in Black

PRACTICALITY AND DESIGN.

The exterior mirror on the driver's side projects a MINI logo onto the ground once the doors have been unlocked.

The LED fin antenna* signals the activation of the alarm system once the MINI Clubman is locked. It then flashes at regular intervals, so your MINI is clearly recognizable from a distance.

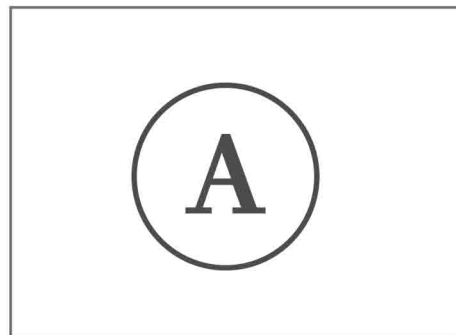

The electric seat adjustment* has a memory function, allowing drivers to save their favourite seat position.

The completely revamped centre console in the MINI Clubman is both stylish and practical. And it has an electronic parking brake, for added convenience and a less cluttered feel.

The Head-Up display* provides a range of vehicle information within your line of sight without obstructing your view of the road ahead. The data is projected onto a transparent film on the wind-screen and includes speed limits, navigation instructions and radio stations.

8-Gear Steptronic Transmission. For all 4-cylinder engines of the Cooper D, Cooper S & Cooper S Hightrim.

*Available in MINI Cooper S Hightrim.

Actual car specifications may vary from the models shown. MINI Thailand reserves the right to change equipments without prior notice.
