

THE NEW MINI CLUBMAN.

CONFIDENT STYLING, PERFECTLY FORMED.

Sophistication is found where practicality is stylish and style is practical – as exemplified by the new MINI Clubman. At first glance, it is a classic MINI with all the British charm and urban appeal of the original. At a second glance, however, the 6-door model reveals a whole host of practical features as well as an adaptive spacious interior to fit the whole family. On closer inspection, the eye is drawn to the high-quality materials and the entirely unique styling that sets the MINI Clubman apart from all other cars in its class.

A veritable all-rounder, it is agile and manoeuvrable enough to be completely at home in towns and cities. At the same time, it offers all the space and comfort you need for a truly relaxing ride on longer journeys.

PRACTICAL DESIGN MEETS ELEGANT STYLING.

The ultimate expression of style, room for five and an adaptive luggage compartment with 360–1250 litre capacity – the MINI Clubman. The two split doors at the rear can be opened automatically as required using the Easy Opener function – all you have to do is briefly wave your foot under the tail of the car. The centre section of the rear seat back can either be used as a load through system for long and bulky luggage or as a comfortable centre arm rest complete with drinks holders.

① Convenient Split Doors and 360–1250 litre luggage capacity. ② 18" alloy wheel Multi-ray Spoke 2-tone. Only available in Cooper S model. ③ Panoramic glass sunroof. ④ Hassle-free luggage access thanks to the Easy Opener function. ⑤ Automatic air conditioning | Chrome Line interior. ⑥ MINI Head-Up Display. ⑦ Electric handbrake.

COOPER S.

Full speed ahead: With a 2.0-l 4-cylinder petrol engine (192 hp/141 kW), the Cooper S Clubman packs the biggest punch. The front design and rear apron, the bonnet air scoop and dual tailpipes hint at the power waiting to be unleashed on the road. Meanwhile, the red S on the radiator grille, side scuttles and the right-hand Split Door underlines the car's sporting heritage.

COOPER.

A 1.5-l 3-cylinder petrol engine (136 hp/100 kW) offers a handy blend of oomph and economy. Let's not forget the special hallmarks: a chrome tailpipe and an optional contrast colour for the roof and mirror caps.

NOT JUST AN ENGINE, BUT A DRIVING FORCE.

Whatever life throws at you, the six MINI Twin Power Turbo engines available in the MINI Clubman put the right power on the tarmac when you need it – none more so than the sporty 4-cylinders in the Cooper S. And despite its larger size, it loses none of that characteristic go-kart feeling.

① Piano Black Exterior option | LED headlights with Matrix light functionality. ② New, stand-alone front grille design.

UNIQUE INSIDE AND OUT.

Whilst we all know, you shouldn't judge a book by its cover - with the MINI Clubman you just can't help yourself! However, the unique exterior and outstanding design are more than matched by its versatile and stylish interior. To create just the right atmosphere inside, you can choose from four interior styles, incorporating colours and materials that complement each other perfectly.

- ① MINI Yours leather Lounge Carbon Black seat* | MINI Yours Piano Black illuminated interior style. Only available in Cooper S (MINI Yours package) model. ② Ambient lighting with 700 different colour shades (part of the optional MINI Excitement package) | MINI Yours Frozen Blue illuminated interior style. Only available in Cooper S (MINI Yours package) model. ③ MINI Yours leather sports steering wheel. Only available in Cooper S and Cooper S (MINI Yours package) model.

MAKE YOUR MARK.

What would life be without the power of colour? Create a look that reflects your personality with one of our 12 specially blended elegant paint colours, all designed to enhance the Clubman's unique character. The three contrast colours for the roof and mirror caps provide scope for an even more personalised look. The alloy wheels are available in 3 different designs, ranging in size 17" and 18".

MINI CONNECTED: WELCOME THE WORLD.

Create the perfect link between your MINI Clubman and your digital life. MINI Connected seamlessly integrates your smartphone, various smartphone apps and the MINI Connected app with your MINI – which is equipped with its own SIM card. So you have new ways of interacting with the car, including for example smart voice control, remote services or your personal concierge. The smart navigation learns frequently visited destinations, takes real-time traffic information into consideration and gets you from A to B even more effectively. The MINI Connected app is a mobile extension of your car that keeps you in touch with your MINI and what's happening around you.

AN INTERIOR WITH YOUR PERSONAL STAMP.

The perfectly coordinated design elements of the different interior styles provide the building blocks for your individually tailored interior. Even the range of seat cushions has something for every taste. Besides numerous different fabrics, there is also a variety of stitched, perforated and textured leathers to choose from. When it comes to choosing from the three different covers, it is essential to consider how it ties in with the interior style.

MINI YOURS. Experience the luxury feel of the MINI Yours leather lounge chair Carbon Black, with its classic Union Jack design on the front of the headrest, its striking piping and its immaculate workmanship. In a MINI Yours seats, you can really feel the difference, however long the drive.¹
